1st-2nd May 2012

The 4th Faroe Islands Exploration Conference

2nd
Announcement

Introduction

Following the success of the three previous Faroe Islands Exploration Conferences held in 2004, 2006 and 2009, with an average of 100 foreign professionals attending from industry and research organisations, Jarðfeingi is pleased to announce that the fourth Faroe Islands Exploration Conference will take place on the 1st and 2nd May 2012 in Tórshavn, the capital of the Faroe Islands.

The intention of the FIEC has always been to have a scientific forum which focuses on hydrocarbon exploration on the Faroese Continental Shelf as well as strengthen the relationships between industry and research organisations working in the Faroese area.

The conference is an obvious center piece for anyone who has an interest in hydrocarbon exploration and research on the Faroese Continental Shelf and an excellent opportunity to meet up with other people working in the area.

Event Location

Jarðfeingi will host the conference at the Nordic House in Tórshavn.

Conference Theme

The overall conference theme is Hydrocarbon Exploration on the Faroese Continental Shelf, but hydrocarbon exploration perspectives and analogues within basaltic provinces from other than the North Atlantic Igneous Province will be welcomed.

Relevant topics includes:

- Exploration within basaltic provinces
- Regional geology and tectonic development
- The use of geophysical techniques in hydrocarbon exploration within basaltic provinces
- Sub-basalt stratigraphy

Keynotes:

- Jenny Morris - Appraisal, maturation and exploration in the North East Atlantic Margin
- Dr. Dougal A. Jerram - Understanding the onset of volcanism at rifted margins: sedimentary environments, sediment/lava interaction and volcanoclasts

Other topics may also be included if they are relevant to the primary theme of Hydrocarbon Exploration on the Faroese Continental Shelf.

Oral presentations will have a length of 20 min, and 5 min option for questions. Posters will be on display throughout the whole conference in the main entrance.

Field Trip

A field trip - *Sedimentation in a volcanic province* - will be organized on the 30th of April and will be concentrating on the northern parts of the Islands.

Icebreaker

An Icebreaker event will be held on the 30th April 2012 between 6.00 and 8.00 pm at the Nordic House.

Sponsorships

Early Gold sponsors: Statoil and Thor

Early Silver sponsors: DongEnergy

- Gold 25000 DKK
- Silver 10000 DKK

Exhibitor Booths

Of the four exhibitor booths, one is still available for service companies working within the area.

The price is 30000 DKK. and includes two entrance fees to the conference.
